Telephone 732-873-5533

Craig R. Novick  
Chief of Police

Emergency Dial 9-1-1

To whom it may concern:

As a 25-year police veteran and entry team leader on the county SWAT team, I see a lot of new products directed toward police and fire/rescue services. Few of them are truly unique or worth acquiring.

But the Jersey Boot is both. It replaces all the tools in the bulky breaching backpack and does a better job, at a very manageable weight and size. After seeing a demonstration of the Jersey Boot's toughness, efficiency and versatility, I'm requesting my department order them for our street crime and ESU units, as well as for our patrol supervisor vehicles. The Jersey Boot is a must have for any agency involved in public safety.
